

Andrés Andújar

Mr. Andrés Andújar's serves as Chief Executive Officer of HemisFair Park Area Redevelopment Corporation, which is responsible for the re-integration of the park to the surrounding area and the attraction of residents from the entire community. Purposes of the Corporation include land acquisition, planning, development, construction, management, maintenance and finance of projects. Contemplated projects include expansion of the park, mixed use development including residential commercial and office components, civic and cultural institutions.

Andrés' career includes experience as a structural engineer, construction project manager and design manager. As regional executive of a multinational EC Andrés led a team 100 architects, interior designers, master planners, engineers, project/program and construction managers and other professionals. He has executed projects in dozens of US states, Central and South America, Europe and in the Middle East.

Mr. Andújar's multibillion dollar experience includes large mixed use, complex, urban developments, and encompasses several markets such as hospitality, residential, retail, education, industrial, healthcare, aviation, and local and federal governments.

Recognitions: Andrés was recognized as Downtowner of the Year in 2006 for his work on the creation of the River North District. The San Antonio American Institute of Architects bestowed him honorary recognition for this effort, and in 2008 San Antonio Magazine named Andrés one of the City's visionaries.

Education: Bachelor of Science, Architectural Engineering, University of Texas, 1980

Registrations: Registered Engineer; Texas (1987)
