

Randy Beamer

Randy Beamer is the host of “On the Record,” airing Thursdays at 7:00 pm on KLRN (Channel 9) in San Antonio. He also shoots and produces other projects for the PBS station.

A National Merit Scholar at Drake University, he also attended the USC Film School and started full time in TV news as a photographer while still in college.

Over more than 40 years in news, Beamer has won an Edward R. Murrow Award and nine Emmy awards, among others.

He was WOAI-TV’s (News 4 San Antonio) weeknight anchor for more than 25 years, but also shot, reported, and edited his own stories as often as possible. He enjoys covering positive stories the most and is more comfortable behind the camera than in front of it.

Beamer is most proud of his four awesome children and a young grandson.
